

7th Grade Schedule of Live Meetings

During the Phase One of our school's reopening, all students will be working online. You must check-in with each Google Classroom on a daily basis. You will have assignments from every teacher every day of the week. Once a week, you will have a mandatory live session with each of your teachers. These live sessions will be held over Google Meet. The link for the meeting can be found in that teacher's Google Classroom.

Below you will find the schedule for seventh grade live meetings:
